Supervisor Antonovich made the following statement:

“In 1995, the first full week of April was proclaimed as National Public Health Week, with the goal of increasing community awareness and understanding of the ongoing efforts to prevent and control the spread of diseases and ensure a healthy environment for all.

“Sponsored by the County of Los Angeles Department of Health Services, Public Health, in collaboration with various community groups, organizations, and schools, the theme of the 19th Annual ‘Public Health Week’ celebration is ‘Building Healthy Communities Together.’ All residents are invited to attend the many activities, health fairs, and clinics that are scheduled throughout the County during this week.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Knabe, unanimously carried, the Board proclaimed April 3 through 9, 2006, as "Public Health Week" throughout Los Angeles County; and urged all citizens, city officials, as well as community groups, clubs, and organizations to join the effort in promoting good public health practices throughout our communities.
